A promotional banner for Leawo DVD Creator Halloween 2017 Edition. The background is dark blue with a subtle pattern of glowing circles. On the left, a cartoon bat character is perched on a wooden sign that reads "2017 Halloween Treats No.1 - Giveaway-". Below the sign, the text "DVD Creator Halloween 2017 Edition" is displayed, followed by a short description: "Easily convert and burn your Halloween videos and photos to DVD content with brand-new Halloween-themed DVD menu templates and abundant DIY features." In the center, there is an image of the software box for "DVD Creator" by Leawo, which features a glowing DVD disc and a jack-o'-lantern. To the right of the box, a list of "Related tutorials" is presented on a piece of parchment paper, including links for burning video to DVD, creating photo slideshows, backing up horror movies, downloading theme songs, and ripping movies. At the bottom of the banner, there are two orange buttons: "Get Win Now" with a Windows logo and "Get Mac Now" with an Apple logo.
